

# 1 About the Lab

The Secret Lab of Experimental Stuff is a **top-secretsinister<sup>MC</sup>** laboratory whose existence is highly classified so don't tell anyone about it **or we'll get really cross with you<sup>FC</sup>**.

The **world-renown<sup>IP</sup>** University of Somewhere denies all knowledge of the Secret Lab of Experimental Stuff, except on Open Days where members of the public may visit the facility and ask questions as long as they consent to a memory wipe when they leave. The memory wipe is **completely<sup>MC1</sup>** harmless and your memory of the visit will be replaced by a **pleasant<sup>MC</sup>** recollection of spending the day feeding the **ducksgeese<sup>FC2</sup>** and **geese<sup>MC3</sup>** in the nearby pond.

<sup>1</sup>MC: no it isn't

<sup>2</sup>FC: what geese?

<sup>3</sup>MC: they're the weird-looking ducks
